INDOOR LIGHTING

Company Profile

Docutec-Egypt is state level high-tech manufacturing & marketing enterprise, Since it has been established in 2005, Docutec - Egypt maintains higher market occupancy & brand reputation in the field of led industry. Nevertheless it insists on the core technology & development.

Production Ability

Under the continuous guidance of well management and High Quality manufacturing concept Our Products are equipped with powerful production capacity with modern SMT production line , 4 manual assembly lines , 2 Aging lines , and advanced process Quality testing equipments. we can assure the strong production ability and the quality is always excellent Area of pure manufacturing area exceeds to 6500 m2 , The annual Indoor of LED lighting lamps can reach 1000000 Pcs , and the Outdoor value will exceed 100000 pcs

Production Equipment

Quality Control

Care lighting QC department is specially equipped with LED aging and Integrating Sphere (Over 60 HZ) and other complete testing system
